

Manuscript no. HAEMATOL/2011/044925 entitled “High penraxin 3 level predicts septic shock and bacteremia at the onset of febrile neutropenia after intensive chemotherapy of hematological patients“

Authors: Matti Vänskä, Irma Koivula, Sari Hämäläinen, Kari Pulkki, Tapio Nousiainen, Esa Jantunen, and Auni Juutilainen

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Esa Jantunen, Division of Hematology, Kuopio University Hospital and University of Eastern Finland, Kuopio, Finland, esa.jantunen@kuh.fi
- Irma Koivula, Department of Medicine, Division of Infectious Diseases, Kuopio University Hospital, Kuopio, Finland, irma.koivula@kuh.fi

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: Esa Jantunen, Irma Koivula

3) Design & Methods. The following authors were responsible for specific investigations (please detail):

- Esa Jantunen was responsible for the design
- Sari Hämäläinen was responsible for the methods
- Kari Pulkki was responsible for the laboratory work and wrote the text regarding laboratory measurements
- Sari Hämäläinen, Tapio Nousiainen, and Esa Jantunen recruited the patients

4) Results. The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- Matti Vänskä and Auni Juutilainen were responsible for writing the results
- Auni Juutilainen was responsible for figures and tables
- Matti Vänskä, Irma Koivula, Sari Hämäläinen, Kari Pulkki, Tapio Nousiainen, Esa Jantunen participated in the reviewing of the results, tables, and figures

5) Writing the manuscript. The following authors were responsible for writing the manuscript:

- Matti Vänskä was responsible for writing the first version of the manuscript
- Auni Juutilainen was responsible for writing the chapter statistics and mainly the results
- Irma Koivula was responsible for the closest and earliest review of the introduction and discussion

6) Contributors Listed in Acknowledgments: No
